

Augusta Court Facility

Prefabricated Exterior Walls

Trade Specific Questionnaire

Prefabricated Exterior Walls for the Augusta Court Facility project will consist of the following materials:

- ✓ Cold Formed Metal Framing
- ✓ Exterior Gypsum Sheathing
- ✓ Air & Vapor Barrier
- ✓ Insulation within Stud Cavities
- ✓ Supplementary steel for curtain wall or other items, if required

To the greatest extent possible, the exterior wall panels will be prefabricated off-site, shipped to the project site and erected following structural steel installations. Work required after exterior wall panel erection will include, but not be limited to, completing air & vapor barrier between panel joints, infill pockets in wall panels required for relieving angles installation, patch / infill insulation at wall panel connections in stud cavities.

The wall panels will have to be designed by a professional engineer who has past experience with similar exterior wall panel assemblies.

Trade specific questions are as follows:

1. How many years / months has your firm been prefabricating exterior wall systems?
2. How many projects has your firm completed in the past 5 years prefabricating and erecting exterior wall systems? List a maximum of five (5) projects including project name, location, year completed, general contractor name, architect / design team name (It is acceptable to list duplicate projects from Question 3A of the Subcontractor Pre-Bid Questionnaire)
3. Does your firm have an established prefabrication facility?
 - a. If yes, please note location of facility.
 - b. If no, please indicate how your firm will prefabricate wall panels off-site.

4. **List staff dedicated to prefabrication**
 - a. **Number of Employees – Trade workers performing off-site prefabrication**
 - b. **Number of Employees – Trade workers performing on site erection**
 - c. **Number of Employees – Drafting & Engineering for prefabricated assemblies**

5. **Who does your firm employ as the engineer of record to design the prefabricated exterior walls? How long has this engineer been working with or for your firm on this type of work? Please attach proposed engineer's resume for the Augusta Court Facility project.**
